TV/VCR Combinations

****NOTE****-- Most TV/VCR combinations get most of their functions from a VCR code. A few of them need a corresponding TV code just for the VOLUME functions.

These TV setup codes will be features in parentheses ().

IF a VCR code does not have a corresponding TV code,
then it will not be able to operate the volume on the
remote you have.

You will need to [exchange](#)
this remote for one with numeric keys so it can have the
volume programmed on it.
